GHRhack 2.0

GHRCEM's 30 Hours Offline

Hackathon

28th Feb - 1st March

2026

Venue : GHRCEM, Jalgaon

About us

Raisoni Education is a conglomerate of 25 colleges and 100 courses and more than 28000 students. Raisoni Group has successfully made its mark in the field of education with the motto "A Vision Beyond" and has jubilantly fulfilled commitment of enlightening minds and empowering ambitions'. G H Raisoni College of Engineering & Management, Jalgaon is a privileged Autonomous NAAC accredited 'A' Grade institute affiliated to the prestigious Kavayitri Bahinabai Chaudhari North Maharashtra University, Jalgaon with a recommendation from AICTE, offering flagship courses like Management and Engineering.

About GHRhack 2.0

GHRhack 2.0 is designed to create a strong bridge between students and the industry by involving leading technology organizations as knowledge partners, sponsors, and evaluators. GHRhack 2.0 not only inspires innovation but also equips students with industry-relevant skills, preparing them for future careers in technology. This synergy between academia and industry significantly enhances the value of the hackathon, positioning GHRCEMJ as a forward-thinking institution that fosters technical growth, professional excellence, and meaningful career opportunities.

Their engagement in the hackathon provides participants with:

- Internship opportunities for high-performing individuals .
- Professional mentorship from seasoned industry experts during the event .
- Exclusive Cash prizes, Trophies, Medals and Certificates for deserving teams .
- Direct exposure to real-world problem statements curated by corporate partners .
- Networking opportunities with professionals, innovators, and recruiters.

Rules

- Registration: All participants must complete registration through Devfolio before the deadline; participation is free.
- Team Size: Each team must have 2–4 members, and no participant may join more than one team.
- College Rule: Inter-college teams are allowed, and participants from different institutions may form a team.
- Shortlisting: Teams will be shortlisted based on submitted profiles and an idea abstract for screening only.
- Event Format: The hackathon is a 30-hour offline event, and participants must report before the scheduled time.
- Project Originality: All projects must be original and developed entirely during the hackathon duration.
- Allowed Resources: Teams may use publicly available libraries, APIs, and frameworks where permitted.
- Theme Alignment: Projects must strictly align with the provided themes or problem statements.
- Innovation Focus: Teams are encouraged to prioritize innovation, feasibility, and real-world impact.
- Ethical Standards: Participants must follow ethical coding practices and respect intellectual property norms.
- Team Collaboration: Collaboration is limited strictly to registered team members only.
- Plagiarism Policy: Plagiarism or use of pre-built projects not created during the hackathon will result in disqualification.
- Project Presentation: Each team must present their project to the judging panel as per the given guidelines.
- Final Authority: Judge's and organizer's decisions regarding evaluation, rules, and outcomes are final and binding.

About GHRhack 1.0

GHRhack 1.0, the flagship hackathon of G H Raisoni College of Engineering & Management, Jalgaon, was organized in 2025 with the vision to cultivate innovation, collaboration, and advanced problem-solving among technology enthusiasts. Conducted on 8th and 9th March 2025, this 28-hour offline national-level hackathon provided a competitive platform for students, developers, and innovators from across India to demonstrate their technical expertise, creativity, and problem-solving acumen. Anchored around the theme "Code the Unexplored", GHRhack 1.0 empowered participants to tackle real-world challenges, experiment with emerging technologies, and push the frontiers of innovation. The event successfully inspired groundbreaking ideas, facilitated meaningful networking, and promoted knowledge exchange in a highly dynamic and collaborative environment.
